

VOL. 1.

2 Surrey Track Meet

There will be a track and field meet at Cloverdale on Friday, September 12. The main events will be track and relay races, high jumping, broad jumping and baseball throwing.

Last year Semiahmoo came a very close second and this year we are more than ever determined to win. No come on everybody, come out and cheer us into first place.

NEW CLUB

There has been a great deal of talk, among the senior students and the sports-minded members of the staff concerning badminton at Semiahmoo.

We have three courts marked out in our gym and a net—all we need are rackets and willing members. If enough students are interested we can get the use of the school gym one night a week, and either Mr. Breen or Mr. Vogler will willingly supervise and instruct the club.

There will be more news concerning this project next week, so please keep it in mind.

STUDENTS' COUNCIL

Heading the Students' Council this year, and working hard all year, is Christine Uppard. A member of the graduating class, Chris can be found most generally in Room 33.

Vice-President of the Students' Council, Geoff Theobald, is an enthusiastic musician. Geoff, his magic and his artistic talents will be a great help to the Council.

Chris's able secretary, Betty James, is one of our Commercial stars. Betty has been working hard, too, and can generally be found with Chris.

Bob Langlands, our able treasurer, is another Grad, who will be kept busy writing cheques and keeping books and just generally working.

Two of the students best friends are Mr. E. Dickson and Mr. Herbert, our school janitors, whom we all find most helpful. We welcome them back, too.

Previews on the Staff

Making the school function efficiently is the main occupation of our principal, Mr. M. B. Sanford, but he also takes an active interest in all sports and club functions. He is a member of "Our Famous Quintet."

Helping Mr. Sanford, teaching Senior Mathematics and Chemistry and coaching our senior girls' basketball team all combine to make Mr. Martin busy.

Mr. C. Vogler is our Senior English and Effective Living teacher. He is also the boys' soccer coach.

Senior Social Studies teacher, Miss A. Hocking, will be kept busy this year teaching our new Social Studies course on Canada.

Mr. W. Unger is our Physics, Math, and Science teacher. Mr. Unger is another member of the "Quintet." In his spare time he likes to play chess.

Mr. A. Mandel, our French teacher, is interested in drama and is one of the Drama Club sponsors. He is a member of the "Quintet" also.

Miss M. Molloy is our Commercial teacher, teaching such things as Business Fundamentals, Short-hand and Typing. She is also the sponsor of the Junior Drama Club.

Junior and Senior English keep Mr. Scott busy during school hours, and fishing keeps him busy after school is over.

A new staff member, Mrs. Coggins, is our Librarian. She has taught in Surrey before and likes Semiahmoo. Her hobby is travelling.

Mr. F. Kish teaches Junior Socials and Science. Every Wednesday noon he can be found in the Council room, as council sponsor.

Miss Cloghley, our girls' Physical Ed. teacher, she is also H-Y's sponsor and is interested in White Rock's Little Theatre.

Our sole Music teacher, Mr. N. Primrose, also teaches Junior French and English. He is a member of the "Quintet."

A Home Economics teacher who loves dogs is Miss Clarke. Miss Clarke is new to Semiahmoo but so far is favorably impressed.

Teaching Biology, Junior Science and Effective Living keep Mr. C. Breen busy, but he also coaches the boys' basketball teams and helps Mr. Vogler organize the track meet.

Miss Clancy visits us each week. She is our school nurse who takes care of all our little troubles.

Mr. W. Derpax, one of our new members, is a recent graduate of U.B.C. He will be teaching P.E., Science and Social Studies. He is interested in all sports and likes Semiahmoo.

Instructing and "deconfusing" the Juniors is the job of Mr. R. Mills. Mr. Mills teaches Math, and Science and helps out the "Quintet."

Teaching woodworking, metal work, and drafting is Mr. M. Johnson's job. His hobby is doing shop work at home.

Editorial—CHRIS UPPARD

WELCOME TO SEMIAHMOO

The first day of school has come and gone. Here at Semiahmoo we have approximately one hundred new students. The teachers and the student body wish to welcome new students to our school.

In the past years at Semiahmoo we have had many school activities and behind these activities we have had a fair number of supporters. A fair number is not good enough. That means full attendance at all school functions—not just the mixers but all the sports events and clubs as well.

We are going to try to round out our field of activities this year. Only your full co-operation can help us to accomplish this plan. Let's make this a year of which we may all well be proud.

HI-Y

Our all-girl High School club, the HI-Y is beginning the term with a most able executive. President Diana Mallinson has had a great deal of experience, being Vice-President last year.

D's Vice-President, Heather Walker, is one of our basketball stars, and her artistic talents and ideas will help out the club very much.

Secretary, Margot McCarty is another basketball player with many helpful ideas.

At present the HI-Y has no Treasurer because Marlene Christensen moved away, but a new one will be installed at the first meeting.

NEWSPAPER CLUB

The Newspaper Club had not had its meeting before press, so in next week's edition, its staff will be reported. At present the only person appointed is Carolyn Meek, the Editor-in-Chief.

We are all glad to see our Secretary, Miss Bernard back. She has been very helpful to both staff and students, especially to the Newspaper Club and Students' Council.

Vera Carlson is our Sports Reporter. She is busy at the moment, setting up the school's House system.

We are glad to welcome back some of our Junior Matrics to Senior Matric this year, and we wish them every success.

IN THE MIDST OF LIFE

The community is sorrowed this week to learn of the passing of two of its active citizens who refused to allow age to stagnate their minds and bodies.

William Edwin Pinchin and William Donald Kerfoot were two such men. One as active champion of the church and ever seeking the greater life through example and teaching; the other a champion of free speech who tried in time to keep the public informed of the weekly happenings in the community.

While 30 years apart in their ages, who is to say which was the more active man. Each lived by deeds not by years, and each gave unselfishly to his fellow man. Both died as they lived, active to the very end.

To those of us at 30 who feel that our useful time has run, there is an example. Both were planning future activities on the very day of their passing, attempting in their brief span to leave a bigger and better world.

How can we who are left behind say, "we have done our share let the younger ones carry on." Much wealth and wisdom is yet among us to carry on the work which they felt was incomplete. Let May other men of goodwill take up the challenge.

CUT IT DOWN

Well, the kids are back at school and local drivers on the whole are respecting the local school zones and slowing down when they pass youngsters going to and from school.

A dangerous situation has cropped up at the school itself again this year due to the uncontrolled growth of bush around the school, particularly on the Johnston Road which bears the brunt of the traffic.

In this particular spot the fence is broken and missing in several places allowing uncontrolled access to the main road. Kids at play are no respecters of moving autos and if any youngster should dart suddenly from the bush a motorist would have no prior warning.

Needless to say it is the responsibility of Surrey School Board to have this brush cut down before some child is seriously injured or perhaps killed. Parents should protest this dangerous menace to their local principal to make sure that action is taken speedily and not left to drag for several months.

The wise motorist has his foot near the brake when he sees children about. If they are hidden in the bush the second difference could mean a life.

WHERE THE MONEY GOES—Above 8 pounds or 8 1/2 pounds a week, especially for older workers—perhaps with older children still living at home and also earning—life is far better than before. But above 15 pounds a week for anybody, income-tax begins to hit you hard; and above 20 pounds a week—1,000 pounds a year—it takes 25 per cent even from a family of four persons.—Graham Matthews speaking in a BBC program about the British family's new finances.

TOM IRWIN, M.L.A.

Prophets have no honor in their own country, you say, but there are others who deserve it, like Tom Irwin M.L.A. CLEO You choose him as your member last provincial election. At his experience about us, in matters big or small, it is much to your advantage, now he represents you all. But do not be complacent, saying, you now have full voice. For those who know him best, say he is no man's pull. He is natural, he could help his friends, if considers they'd be, how can you? You vote, this next one, for everyone to see. How can I? He represent us, your guess is as good as mine. But with equal rights to all special privileges to none. As part of the Borden's policy, he should not a good long time. W. F. MCINTOSH

THE CORPORATION OF THE DISTRICT OF SURREY

TENDERS FOR FIRE INSURANCE

Tenders are invited and will be received by the undersigned until 12:00 o'clock noon of Saturday, September 20, for the writing of the insurance coverage on the Municipal Hall and contents.

Details of coverage required may be obtained from the undersigned upon application thereto.

PERCY LIVINGSTONE,
Municipal Clerk

DATED at Vancouver, B.C.

29th August, 1952.

• The Carlton (Ont.) Canadian expresses its opinion on union matters, with an editorial concluding: "Whether or not it is called to settle the question of railway wages, the government should be it be known that there will be no strike and no chaos in Canada. And that if the law as it stands does not protect the citizens in these matters, parliament shall be asked to make a law that will. The paper holds the right to what is one of our freedoms."

• Shaunavass (B.C.) Standard: "The one universal argument of mankind, enjoyed by both sexes and all ages is that of judging and discussing the neighbors. Of course it is an impudence, for we never know what we are talking about."

• High River (Alta.) Times: Some courage was evidenced by those three Western Conservatives who alone voted against the huge bulk of the united Liberal, CCF and SC members who voted for pensions for themselves along with the tenors of the Conservative party. Three will know what it means to be despised and rejected of men. They will know what it means to a worker who refuses to kneel down to a labor boss to huddle the rabble calling him a scab."

• Philosophy of politics from the Vernon, B.C. News: American politicians are out among the people; politics is a year round sport. Contrast our situation. Our leaders do very well to see the country once in four years; the people dust off their politics infrequently to indulge in an orgy of oratory, evidently sadly out of tune to the common thought . . . and the dancing girls who we do need to work our politics."

• The Prince Rupert Citizen holds that if a man can be legislated into a labor organization, then he can be legislated into support of a government. It should not be necessary in Canada to point out to a young graduate the catastrophic result of forcing men into the very thing, which it does involuntarily, creates a democracy."

• Down with curfew, proclaims

the Capital Press of Fredericton, N.B. "In home after home, tired and distrust mothers no sooner get their equally tired youngsters bedded down for the night than the children are reawakened by the 10 o'clock curfew."

• "It is possible," comments the Macleod Alta, Galtair that we may have so many benefits provided by governments, that we will eventually be pinched to find sufficient money to pay them."

• Guyboro (N.S.) County Advocate: An urgent truth, which must be imprinted on the Canadian people, is that for them, as for Australia, immigration is a matter of survival. Sparsity of Australia's population invites military domination. Sparsity of Canada's invites economic domination by the U.S."

• Every time the police show signs of enforcing a law which lacks the careless citizen, not the criminal, the outraged howls can be heard from those who to Toronto, declares the Nipawin, Sask. Journal, adding, "Nobody stops to notice that carelessness can be quite often as fatal as criminality."

• More and more people is the big need for this Canada of ours, editorially avers the Lacombe, Alta. Globe, for the fact that at the present time is at an age of expansion which literally gobbles up its labor force. There is scarcely a business or factory operating in Canada today that is fully staffed. Government projects are held up for lack of help; major construction programs are handicapped; university and high school graduates have a half-dozen or more jobs to pick from upon the completion of studies."

• Conservator, Brampton (Ont.). In Canada, where an alternative does not exist in radio, surveys have clearly shown that listeners to commercially operated radio stations outnumber CBC listeners. Thus it is not hard to understand why CBC insists that it have the television field to itself. Apparently, Parliament, too, to itself, intends to do nothing about this involuntary misuse of dictatorial powers."

WILLING WATER.

In view of the growing anxiety expressed by some of our patrons and shareholders respecting the danger of the present politico conditions in various communities, it would appear to be in the public interest to acquint you of the precautions taken by the White Rock Water Works Company's officials to ensure that the water supplied to consumers is wholesome and free from injurious or disease laden germs.

For many years this Company has been so constructing our reservoirs, from which we pumped water into our mains, as to make them free from outside contamination. Our efforts were so successful that when a test was made by competent health officers who suspected that drinking water was the source of a malarial attacking children in this community some 27 years ago it was conclusively proven to their satisfaction that the water was entirely free of any germs harmful to human beings or animals.

In addition to drainage, sound, water tight construction and other safeguards of the water for the past twelve years, we have had weekly bacteriological tests made of water samples submitted to the Government Laboratories. The samples are not all taken from any one particular location but are obtained from various points throughout the community in order that an overall picture of conditions affecting the water may be known. If a water sample, when tested, should show an imperfect condition a second sample from the same spot is taken and submitted for examination and if again imperfect is shown, qualified chemists are called upon to make such examination of conditions as they deem best and take any necessary action to return conditions to normal.

This Company was a pioneer in the Fraser Valley in the field of sanitation as applied to water for human consumption and we submit that this is cause for pride on the part of our many shareholders, and gratefulness for our many consumers whose health we are continually seeking to protect in respect to their drinking water.

While we agree that gardens and lawns deserve consideration we believe that the health of the community is paramount. To this end our sewer and water systems are major contributing factors in the safeguarding of the health of the people. To accomplish the protection of the water from harmful bacteria has sometimes meant added expense but we have never considered curtailment of such expenditures as we know it is money well invested if it ensures the safety of the people.

W. E. JOHNSON,

President and Managing Director.

The Poetry Corner

THREE LIMERICKS.

There was a young ladde from Newton,
Said, with this place needs a "fountain,"
So with Grandpa's huge axe,
He wielded some whacks,
And said, now the hydrant's a "fountain" in Newton.

A teacher came to Crescent Beach,
Intent on local school to teach,
They said to him,
If you'd better learn,
You'd better learn at "Crescent Beach."

And now one for us
There was a young lady left White Rock,
To bet all her money on "White Rock,"
That horse, he did lose,
And now she'll choose,
To bet all her sweet life on White Rock.

Century old bowl

Miss Marjorie Edmunds, of Cunnor, England, who has been visiting her cousin, Mrs. A. E. Cope of Royal Avenue, for the past 10 days, was a guest at the christening of Vicki Lynne, daughter of Mr. and Mrs. Owen Stanley Wickham of New Westminster, which took place at Crescent United Church on Sunday, August 31.

An interesting feature of the service was the use of a silver christening bowl which has been in the Wickham family for almost a century. The bowl now belongs to Mrs. Cope, who intends to donate it to the church at Crescent.

Following the christening 19 relatives met at the home of Mr. W. B. Wickham, and enjoyed luncheon on the lawn. Those present included Mr. and Mrs. Stanley Wickham, Mr. and Mrs. Owen John Kolbs and family, Mr. and Mrs. Stanley Wickham, Mr. and Mrs. H. R. Cope, all of New Westminster, Mr. and Mrs. A. E. Cope of White Rock, and Miss Marjorie Edmunds.

United Church WA plans fall activities

At its first meeting of the Fall, held on Thursday, September 4, the W.A. of the United Church met Wednesday, October 3, as the date for the annual Thanksgiving turkey dinner, which will be held in the Church Hall.

The date was also set for the Christmas Bazaar which will be held in co-operation with the other local church groups. This event is scheduled for Saturday, December 8.

At their meeting of last Thursday, members of the W.A. welcomed the new minister and his wife, Rev. and Mrs. W. Ward, the greeting being extended on their behalf by the president of the group, Mrs. V. G. Johnson.

Next meeting of the W.A. will be held on Thursday, October 2 in the Church Hall.

Minister ordained

The ordination of Garrie Bowman Spill took place on Tuesday evening, September 9 at the First Baptist Church, Blaine, Washington, U.S.A. The speaker for the evening was Rev. Clifford Hamilton, B.D., of the United Baptist Church, New Westminster.

Special music was rendered by the choir from the United Baptist Church, "The Great Light" Soloists: Amdt Tait, Grace Peckover, Isabel Spill, Donna Dodd, Marneen Shaw.

Preceding the ordination, dinner was served by the church for ministers of the Bellingham Bay Association and special guests of the evening, which included Dr. and Mrs. K. Middleton, Mr. and Mrs. F. McKenzie, Rev. and Mrs. A. W. White, Mr. and Mrs. O. Clark, and Mrs. E. Simpson.

Report details SPCA activities

An Executive meeting of the Surrey Branch of the SPCA was held at the home of the secretary, Miss Vera de Bosch, 1615 New McLellan Road, on September 3.

The members heard with regret the death of Mrs. Maitland, wife of the Inspector, after a long illness. The Surrey Branch of the SPCA was represented at the funeral at Forest Lawn, Vancouver.

The Inspector's report was read and showed that for the month of September, 153 dogs were put in 12 hours kennels, 8 dogs were boarded and 10 put to sleep. For the SPCA he put in 129 miles and 16 hours work; 23 cats were destroyed and 6 placed.

The SPCA is a separate account as to what is done with Dog Licenses money. This money goes towards the payment of damage done to farmers and others whose poultry or stock have been destroyed by dogs. The Pound pays the Inspector for work done for the Municipality.

The SPCA is a separate account entirely, and any work done by the Inspector for SPCA is paid out of SPCA money and not from taxpayers' money, officials announce.

Attention was drawn to the Mutt Dog Show that the SPCA is sponsoring, along with other attractions, at the Cloverdale Fair on Friday and Saturday, September 12 and 13. All children and teenagers are invited to bring their pets, free of charge, when prizes up to two dollars will be given for the various animal attributes of the dog. It is hoped all interested will come and see this novel Dog Show.

HOSPITAL CALENDAR

Arcadia group will meet at the home of Mrs. Brock, 768 Victoria Avenue on Friday, September 12 at 2 p.m. to plan activities for the coming season. It is being assisted by Miss Elsie Gristlestone is confined to Karloff Hospital and will be unable to be present on this occasion.

OBITUARIES

Passed away, September 5, 1951, William Brock, 768 Victoria Avenue, White Rock, 768 Victoria Avenue, White Rock, in his 85th year. He is survived by his loving wife, 2 sons, E. P. Stathers, Squamish, B.C., William S. of Transcona, Man., daughter, Mrs. Susan Lord, Vancouver, Requisition High Mass was celebrated by Rev. J. H. Frank in the Star of The Sea Church, Monday, September 8, to Surrey Centre Cemetery, Chapel Hill, L.D., funeral directors, in charge.

The death occurred on September 6, 1951, of James Thorneby of 1778 Street, White Rock, B.C., age 77 years. He is survived by his loving wife, 1 son, John, at Quesset, B.C., 3 sisters, Mrs. G. Knapp, Mrs. L. Lang, and 2 in England, 3 grandchildren, Billy Shirley, and Patricia. Funeral service was held on Tuesday, September 9, from Chapel Hill Funeral Parlor, 755 Victoria Ave., White Rock, to Surrey Centre Cemetery, Rev. E. Pitt Griffiths officiating.

THE CORPORATION OF THE DISTRICT SURREY

Installation of Heating Plant for Cloverdale Municipal Hall.

Tenders will be received at the office of the Superintendent of Public Works not later than 10:00 a.m., September 17, 1951, for the installation of the hot water heating system in the addition to the Municipal Hall at Cloverdale, B.C. Plans and specifications are available at the Municipal Hall. Lowest or any tender not necessarily accepted. Tenders should be enveloped and sealed and marked "Tender for installation of heating plant for Cloverdale Municipal Hall."

Installation of Electrical Wiring.

Tenders will be received at the office of the Superintendent of Public Works not later than 10:00 a.m., September 17, 1951, for the installation of the electrical wiring for the addition to the Municipal Hall at Cloverdale, B.C. Plans and specifications are available at the Municipal Hall. Lowest or any tender not necessarily accepted. Tenders should be enveloped and sealed and marked "Tender for installation of electrical wiring for the addition to the Municipal Hall at Cloverdale, B.C."

J. A. FURIAK,
Superintendent of Public Works.

The 'Phone Business Is Still Racing Population Growth

Since the war, we have spent millions of dollars and we have installed tens of thousands of telephones and our big program is continuing-but we still have a waiting list for telephone service.

This problem is not peculiar to B.C.; it is general. For example, in every province in Canada, regardless of whether the telephone system is government owned or privately owned, there is still a waiting list for telephone service.

Even though we have still not eliminated the waiting list in B.C., we have been winning our race with population growth. In the last seven years in this Province, population has increased by 26%, but in the same period the telephone total has risen 75%.

BRITISH COLUMBIA TELEPHONE COMPANY
and associated companies.

Women's Institute resumes meetings

The White Rock Women's Institute will resume its meetings for the Fall and Winter season on Monday, September 18, when meeting will be held in the White Rock Lodge at 2 p.m. Plans for the Winter months will be discussed.

Friendship group meets

Suggestions for programs for the Fall and Winter months were offered by Rev. W. Ward and Mrs. Ward to members of the Friendship Group of the United Church, White Rock, at their first meeting of the Fall season held on Tuesday, September 2, in the Church Hall.

At the conclusion of the meeting, tea was served by Mrs. Nicholson and Mrs. G. Plin.

MOVED

Mr. and Mrs. E. J. Hallett, formerly of 591 Columbia, removed this week to 498 Buena Vista. Mr. Hallett's hobby is the cultivation of carnations, of which he has a remarkable variety. During the past week or two he has been busy in his spare hours removing his 120 carnation plants and other flowers to the grounds about his new home.

IN HOSPITAL ... Frank Coleman, Archibald Road, has been hospitalized at the Royal Col. Parlor, 755 Victoria Ave., White Rock, to Surrey Centre Cemetery, which has necessitated an operation.

COMING EVENTS

L.O.O.F.
White Rock Lodge, No. 38, Meetings, 1st and 3rd Monday 8 p.m. in Masonic Building. Visiting Brothers welcome.

Hold this interesting date open: September 23, Zone 2, White Rock Raters' Association will meet in Masonic Temple at 8 p.m. Door price and refreshments served.

DANCE and have the time of your life Saturday night at Haylie Hall, four miles south of Blaine on Lynden Highway. Modern and square dancing sponsored by Peace Area Aeris, Fraternal Order of Eagles.

CARD OF THANKS

We wish to express our sincere thanks to the many kind friends and neighbors for the beautiful flowers and other expressions of sympathy extended to us in the recent bereavement of our beloved husband and father. Special thanks to Dr. Sager and the Rev. Pitt Griffiths for his words of consolation and kindness.

Mrs. Thorneby and John. To all my friends who were so kind and generous to my beloved wife during her stay in hospital until her sudden passing. Please accept my humble and sincere thanks.

K. V. Harp...

THE CORPORATION OF THE DISTRICT OF SURREY

Notice to Building Contractors.

Tenders are invited and will be received by the undersigned until 5:00 p.m. of Tuesday, September 16, 1951, for the construction of a Fire Hall, 24 ft. by 23 ft., located at the intersection of Horth and Torrington Roads. All materials to be supplied by the Corporation.

Plans and specifications may be obtained from the Superintendent of Public Works, Municipal Hall, Cloverdale, upon application therefor.

PEACEY LIVINGSTONE,
Municipal Clerk.

Municipal Hall,
Cloverdale, B.C.
9th September, 1951.

IT'S HEATING MAGIC WITH THE NEW BLEND-AIR by Coleman

CENTRAL HEATING
This floor plan shows how you can completely and scientifically heat a two-room home with only one magic Blender.

EVEN COMFORT FLOOR TO CEILING—LESS HEAT WASTE WITH NEW 3 1/2" DUCT SYSTEM

BLEND-AIR circulates and RE-circulates warm air in each room! The magic Blender in each room automatically circulates cool air out of the room, blends it with fresh warm air from furnace, RE-circulates it through the room. No packing of hot air at ceiling. Constant circulation keeps room temperature uniform from floor to ceiling. Automatically controlled! It means more comfort—a better heated home.

NEW! Money-saving advance in automatic heating! Now a new scientific way to heat every room—only Big savings in (1) new low-cost ducts, (2) new standardized fittings that save on installation. BLEND-AIR fits any home—old or new, big or little, with or without basement. All parts factory-made to assemble easier and cost you least!

NEW! Saves space, saves work, saves cost! Put the space-saving BLEND-AIR furnace anywhere—basement, kitchen, or utility room. It's tidy, quiet, automatic. Made by Coleman, world's largest manufacturer of home heating equipment. A new way to give your home even greater comfort!

No money down... Pays for itself in comfort and economy

3 1/2" WARM AIR DUCTS

Heating magic takes place in the Blend-Air duct from furnace blower. Warm air circulates it through room.

Mouldings Pressure takes fresh filtered air from outside, blends it and forces it into Blend-Air.

APPLE APPEAL

Versatile tree fruit is enjoyable at all seasons

Apples are one fruit of which we never tire. They are so versatile and can be used to dress up any meal. They are available almost all year 'round, but they are ripening in your own back yard.

If you have plenty of apples, it is a good idea to can them for use in the winter time or for special appearances for cold-weather desserts and meat accompaniments. There are many varieties of apples grown in B.C. There are apples for every use—for jellies, eating and for perfect cooking. Some are good either way for example: Gravenstein, Wealthy, Northern Spy and Newton.

The ways in which you can use this fruit are numberless. Here are a few very few recipes that might help you. I have found these really delicious.

CANNING APPLESAUCE

Apples are better for applesauce than others. Early Transparents are just about tops.

6 pounds apples

2 1/2 cups sugar

Wash apples, cut in quarters. Place in kettle with just enough water to prevent scorching. Cover, cook until apples are soft, then remove cover and cook a few minutes to thicken. Press through a sieve to remove skins, cores and seeds. Add sugar, stir well until mixture is heated through, about 5 minutes. Turn into hot, sterilized jars and seal. Process in a hot water bath for 3 minutes.

APPLES FOR PIES

Wash, pare and slice firm apples. Place in preserving kettle with just enough water to cover. Cook gently for 2 minutes. Pack in hot, clean jars, filling to within 1/4 inch of the top. Add 1 tablespoon lemon juice to each quart to prevent discoloration. Seal and process in hot water bath for 15 minutes.

APPLE BUTTER

I could not write a column on apples without including this recipe.

5 cups sliced apple pulp

2 cups sugar

Juice and grated rind of 1 orange

1 teaspoon cinnamon

1/2 teaspoon cloves

1/4 teaspoon nutmeg

If the pulp is too thick to put into a cooking sieve, add a little water to thin. Combine sliced pulp with orange juice and grated rind. Cook together for 5 minutes. Add sugar and spices and cook until thick and clear, almost to a paste-like consistency. Keep heat low to prevent burning and splattering. Stir constantly. Pour at once into hot, sterilized jars and seal immediately. This apple pulp butter makes an excellent meat accompaniment.

APPLE PECTIN

Apples are high in pectin and can be added to other fruit juices to make jellies. Add 1 cup of apple pectin for each cup of other fruit juice.

2 pounds apple pulp (skins and cores included)

4 cups water

Juice of 1 lemon

hour. Heat slowly to boiling, stirring until sugar is dissolved. Boil to jelly stage. Heat in hot jars.

APPLE-TOMATO CHUTNEY
Here's a colorful and economical chutney to spice up those grey-day meals.

- 6 unpeeled apples
- 4 ripe tomatoes
- 4 small onions
- 1 green pepper
- 1 red pepper
- 1 cup seedless raisins
- 1 1/2 cups white vinegar
- 2 teaspoons salt
- 1/4 cup brown sugar
- 2 tablespoons pickling spices (tied in a bag)

Put vegetables and fruit through a food chopper. Boil vinegar, salt, sugar and spices together for 5 minutes. Add vegetables to hot liquid and simmer about 15 minutes. Remove bag of spices and strain in sterilized jars immediately.

DUTCH APPLE CAKE

This is a really tasty and different dessert that the whole family will love.

- 2 cups sifted all-purpose flour
- 3 teaspoons baking powder
- 1/4 teaspoon salt
- 2 tablespoons granulated sugar
- 1/4 cup applesauce
- 1/4 cup chopped nuts
- 1/4 cup seedless raisins
- 1 egg, well beaten
- 2 1/2 cups milk
- 1 teaspoon melted butter

Topping:

- 1 cup sliced apples
 - 2 tablespoons melted butter or margarine
 - 1/4 cup brown sugar
 - 1/4 teaspoon cinnamon
 - 1/4 teaspoon nutmeg
- Sift flour, baking powder and salt into mixing bowl. Add sugar. Chop shortening into dry ingredients until mealy. Add nuts and raisins. Combine beaten egg and milk. Gradually add to dry ingredients, stirring just enough to blend. Turn into well-greased, deep round 8-inch cake pan. Spread evenly. Brush with melted butter. Arrange apples in circular design on top. Combine remaining ingredients and spread over apples. Bake at 400 degrees 25 minutes. Serves 6 to 8. Serve warm with custard sauce, or cream.

APPLE SOUFFLE

This is a delicately flavored, fluffy dessert that I'm sure will become a favorite of yours.

- 5 cups Graham cracker crumbs
- 1/4 teaspoon cinnamon
- 2 tablespoons melted butter or margarine
- 3 egg yolks
- 1 1/2-ounce can sweetened condensed milk
- 2 tablespoons lemon juice
- 1 tablespoon grated lemon rind
- 2 cups drained sliced applesauce
- 3 egg whites, stiffly beaten

Combine crumbs, cinnamon and butter. Spread a layer of crumbs in 8-inch square pan. Beat egg yolks until thick and lemon-colored. Stir in milk, lemon juice and peel and applesauce. Fold in stiffly-beaten egg whites. Pour into crumb-lined baking dish and sprinkle with remaining crumb mixture. Bake at 350 degrees for about 50 minutes.

APPLE CUP SALAD

Lovely crisp red apples make attractive salads.

Core 4 apples. Scoop out the pulp to make apple cups. Fill a bowl with cold water and as each apple cup is made, put the cup in water. Dice enough celery to equal one-half the apple pulp. Mix celery and chopped apple pulp. Mix celery and chopped apple pulp. Mix celery and chopped apple pulp. Mix celery and chopped apple pulp.

JELLIED APPLE SALAD

This is a beautiful-looking and really tasty salad that is so very easy and quick to make.

- 1 package instant or time jelly powder
 - 1 1/4 cups hot water
 - 1/4 cup lemon juice
 - 1 1/4 cups dried apples
 - 1/4 cup shredded carrots
 - 1/4 cup chopped celery
- Dissolve jelly powder in water and add lemon juice. Chill until slightly thickened. Then add apples, carrots and celery. Mix well. Fill molds and chill until firm. Mold on salad greens. Garnish with cream cheese balls.

HAMBURGER SURPRISES

- Yield: 4 surprises.
- 1 pound hamburger
- 2 teaspoons salt
- 1/4 cup onion pepper
- 2 tablespoons onion or margarine
- 1/4 cup finely chopped onion
- 1 slice bread, cut in 4 squares
- 1/4 cup chili sauce

Mix hamburger, salt and pepper. Divide into 4 equal portions. Shape each portion into a round patty about 3 inches in diameter. Melt butter in a large skillet. Add onion and bread squares. Stir and cook until onions are tender and bread is browned and crisp. Push onions and bread squares to one side of the skillet, put 1 of the hamburger patties in the skillet. Place one fourth of the cooked onion and a toast square in centre of each patty. Place remaining 4 patties on top of bread squares. Seal edges of the 2 hamburger patties by gently pressing them together with the back of a spoon. When the lower patty is cooked through, turn the "surprises" over to cook top patty. Turn patties carefully in order not to break the seal between the patties. Cook 6 to 8 minutes on each side.

NOTE: Pan-fried Bermuda onion slices, cheese slices or other "surprises" may be substituted for the bread squares in the centre of the patty.

Highest mountain peak in Canada is Mount Logan.
